**LEGAL COUNSEL REPORT**

***Calusa Campground***

District Counsel Thomas Dillon explained that the issue is not the assessment for Calusa Campground but the monthly sewer charge. He introduced the letter that staff has requested authorization to send out to the Calusa owners explaining that if the bill is not brought current by they end of September that the District will start to record liens against their properties.

Crystal Conner-Lane representing Calusa Campground requested that the District work something out with Calusa so that the pending bank loan for Calusa will not be jeopardized. Ms, Connor-Lane presented the Board with a petition.

Mr. Dillon explained that the District would state the lien in general terms which would have an estimated number owed but the District does not have an exact number for each property owner yet.

He suggested that the Board send out the letter and then separately bill the individual property owner for the amount that they owe.

**Motion:** Commissioner Hammaker made a motion to send the letter out stating that the District would not record a lien against their property if they paid the arrearages and continued to pay month by month. Motion seconded by Commissioner Tobin.
